Preparation of this Report

The Developer prepared this report to disclose relevant information, including "material facts", that are reasonably known to the Developer about the condominium project covered by this report. This report has been prepared pursuant to the Condominium Property Act, Chapter 514B, Hawaii Revised Statutes, as amended from time to time. The law defines "material facts" to mean "any fact, defect, or condition, past or present that to a reasonable person, would be expected to measurably affect the value of the project, unit, or property being offered or proposed to be offered for sale."

This report has not been prepared or issued by the Real Estate Commission or any other governmental agency. The issuance by the Commission of an effective date for this Developer's Public Report (1) does not mean that the Commission approves or disapproves of the project; (2) does not mean that the Commission thinks that either all material facts or all pertinent changes, or both, about the project have been fully or adequately disclosed; and (3) is not the Commission's judgment of the value or merits of the project.

This report may be used by the Developer for promotional purposes only if it is used in its entirety. No person shall advertise or represent that the Commission has approved or recommended the project, this report or any of the documents submitted with Developer's application for registration of this project.

This report will be amended if, after the effective date of this report, any changes, either material or pertinent changes, or both, occur regarding the information contained in or omitted from this report. In that case, the Developer is required to submit immediately to the Commission an amendment to this report or an amended Developer's Public Report, clearly reflecting the changes, including any omitted material facts, together with such supporting information as may be required by the Commission. In addition, the Developer may choose at any time to change or update the information in this report. Annually, at least thirty days prior to the anniversary date of the Effective Date of this report, the Developer shall file an annual report to update the material contained in this report. If there are no changes, the Developer is required to state that there are no changes. The Developer's obligation to amend this report or to file annual reports ends when the initial sales of all units in the project have been completed.

Purchasers are encouraged to read this report carefully and to seek professional advice before signing a sales contract for the purchase of a unit in the project.

Signing a sales contract may legally bind a purchaser to purchase a unit in the project, though a purchaser may have rights to cancel or rescind a sales contract under particular circumstances that may arise.

This material can be made available for individuals with special needs. Please call the Senior Condominium Specialist at 586-2643 to submit your request.

SPECIAL ATTENTION

[Use this page for special or significant matters which should be brought to the purchaser's attention and that are not covered elsewhere in this report.]

1. This is a condominium project, not a subdivision. The Project does not involve the sale of individual subdivided lots. The land area is designated as a Unit of the Project. The liens on the site map sheet of the Condominium Map indicate Unit boundaries and are not boundary lines of legally subdivided lots.
2. Facilities and improvements normally associated with County-approved subdivisions, such as fire protection devices, street lighting, electricity, water facilities, improved access for owners and emergency traffic, drainage facilities, etc., may not necessarily be provided for in the Project, and County services such as street maintenance and trash collection will not be available for interior roads and driveways.
3. Unit H presently consists of a "spatial" (or area without a physical structure) portion of the Project which contains an area set forth and described in the Declaration and Condominium Map. There is presently no structure on Unit H. The owner of this Unit may, without consent of another owner, construct a residence or other structure, subject, however to compliance with (a) applicable County zoning, Land use and building laws (including without limitation, obtaining a building permit), (b) the EU Permit and (c) other conditions set forth in the Condominium Documents.

Because of the restrictions on the number of residential dwelling units or other structures which may be built upon the property underlying the entire Project, unless a buyer is purchasing an existing residential dwelling, there is no assurance that the buyer will be able to build a residential dwelling or any other structure on Unit H and prospective buyers are strongly encouraged to consult with legal counsel and architects to make an informed decision.

Unit H is depicted on the Condominium Map as a potential future single-family structure, but prospective buyers are advised that the location of the proposed structure as depicted on the Condominium Map is not necessarily a representation as to where a structure can or will be built and/or the size or layout of such structure.

4. At present, the Developer intends to create a condominium project with up to thirteen (13) Units. The Developer, for registration purposes, will separate the total units in the Project into three (3) or more phases covered by three (3) or more Public Reports in order to accommodate changing construction and/or marketing strategies. Phase 1 for this Project covers 4 of 13 Units in this Project and is under Registration No. 6802. This Report covers Phase 2 which, at this time consists of an additional 4 of 13 Units in the Project. The following Units are included in Phase 2: Units F, G, H and I.
5. At present, the Developer intends to construct and sell the Project in three (3) or more Phases and to complete all Phases in the Project. Developer also intends to complete construction of the Common Elements as each Phase is completed and, as a result, the Common Elements will not all be completed at the same time. Therefore, certain Common Elements may not be completed and available for buyer's use until after buyer closes on buyer's Unit and for a period of time thereafter. However, pursuant to the Declaration, Developer has the reserved right to increase or decrease the number of Units, Buildings and Phases in the Project and the corresponding Common Interest for each Unit. Currently, Developer has created nine (9) units in the Project

but it may develop as many as five (5) additional units, for a total of thirteen (13) units in the Project.

6. Although separate Public Reports may eventually be filed and issued for each Phase of the Project, all thirteen (13) Units, or the increased or reduced number actually constructed, shall legally comprise a single condominium project on the land described in Section 1.1. In other words, the act of separating the various Units into different Phases does not create separate and distinct condominium projects, but only creates separate "projects" for Public Report registration purposes. Each Phase will not be considered a separately owned or administered project, but shall be considered one project. Accordingly, the Project, and all the Units included therein, is subject to one Declaration, one Bylaws, one House Rules and one Condominium Map.
7. The developer has the right to further develop the project at any time prior to December 31, 2050.
8. The developer has the right to create a recreation area or park on Unit E.
9. The City and County of Honolulu, Department of Planning and Permitting has issued an Existing Use Permit (identified with File No. 2008/EU-13 and attached to this Public Report as Exhibit K) for the seven units currently on the property. The owner of any of the units is required to comply with the terms of the Existing Use Permit and any amendments to the permit or replacement permits.

General Information On Condominiums

A condominium is a special form of ownership of real property. To create a condominium in Hawaii after July 1, 2006, the Condominium Property Act, Chapter 514B, Hawaii Revised Statutes, must be followed. In addition, certain requirements and approvals of the county in which the project is located must be satisfied and obtained.

Some condominium projects are leasehold. This means that the land and/or the building(s) and other improvements are leased to the purchaser. The lease for the land usually requires that at the end of the lease term, the lessees (unit owners) deliver their interest in the land to the lessor (fee property owner).

If you are a typical condominium unit owner, you will have two kinds of ownership: (1) ownership in your individual unit; and (2) a percentage interest in the common elements.

You will be entitled to exclusive ownership and possession of your unit. Subject to the documents governing them, condominium units may be individually bought, sold, rented, mortgaged or encumbered, and may be disposed of by will, gift or operation of law.

Your unit will, however, be part of the group of units that comprise the condominium project. Study the project's Declaration of Condominium Property Regime, Bylaws of the Association of Unit Owners, Condominium Map and House Rules, if any, which are being concurrently delivered to you with this report. These documents contain important information on the use and occupancy of the units and the common elements of the project, as well as the rules and regulations of conduct for unit owners, tenants and guests.

Operation of the Condominium Project

The Association of Unit Owners is the entity through which unit owners may take action with regard to the administration, management and operation of the condominium project. Each unit owner is automatically a member of the Association.

The Board of Directors is the governing body of the Association. Unless you serve as a board member or an officer, or are on a committee appointed by the board, your participation in the administration and operation of the condominium project will in most cases be limited to your right to vote as a unit owner. The Board and officers can take certain actions without the vote of the unit owners. For example, the Board may hire and fire employees, increase or decrease maintenance fees, adopt budgets for revenues, expenses and reserves and regulate the use, maintenance, repair and replacement of common elements. Some of these actions may significantly impact the unit owners.

Until there is a sufficient number of purchasers of units to elect a majority of the Board, it is likely at first that the Developer will effectively control the affairs of the Association. It is frequently necessary for the Developer to do so during the early stages of development and the Developer may reserve certain special rights to do so in the Declaration and Bylaws. Prospective purchasers should understand that it is important to all unit owners that the transition of control from the Developer to the unit owners be accomplished in an orderly manner and in a spirit of cooperation.

It is used to determine each unit's share of the maintenance fees and other common profits and expenses of the condominium project. It may also be used for other purposes, including voting on matters requiring action by unit owners. The common interest for each unit in this project, as described in Declaration, is:
Described in Exhibit <u>D and E</u>
As follows: The common interest percentage is calculated based on the Residential Houses located or to be located on that Unit, divided by the number of Residential Houses currently constructed or to be constructed on the Project in accordance with Exhibit D. A condominium is created by recording in the Bureau of Conveyances (Regular System) or filing in the Office of the Assistant Registrar of the Land Court, or both, a Declaration of Condominium Property Regime, a Condominium Map and the Bylaws of the Association of Unit Owners. The Condominium Property Act (Chapter 514B, HRS), the Declaration, Bylaws and House Rules control the rights and obligations of the unit owners with respect to the project and the common elements, to each other, and to their respective units.

The Board of Directors may adopt rules and regulations (commonly called "House Rules") to govern the use and operation of the common elements and limited common elements. House Rules may cover matters such as parking regulations, hours of operation for common facilities such as recreation areas, use of lanais and requirements for keeping pets. These rules must be followed by owners, tenants, and guests. They do not need to be recorded or filed to be effective. The Initial House Rules are usually adopted by the Developer. Changes to House Rules do not need to be recorded to be effective.

Where permitted, the minimum percentages of the common interest that must vote for or give written consent to changes to the Declaration, Bylaws and Condominium Map are set forth below. The percentages for any individual condominium project may be more than the minimum set by law if the Declaration or Bylaws for the project so provide.

<input checked="" type="checkbox"/>	Developer has reserved the right to change the Declaration, Bylaws, Condominium Map and House Rules (if any) and to add to or merge the project or to develop the project in one or more phases, and such rights are summarized as follows: See Exhibit M.

4. CONDOMINIUM MANAGEMENT

4.1 Management of the Common Elements

Management of the Common Elements: The Association of Unit Owners is responsible for the management of the common elements and the overall operation of the condominium project. The Association may be permitted, and in some cases may be required, to employ or retain a condominium managing agent to assist the Association in managing the condominium project.

The initial Condominium Managing Agent for this project is (check one):

4.2 Estimate of the Initial Maintenance Fees

Estimate of the Initial Maintenance Fees: The Association will make assessments against your unit to provide funds for the operation and maintenance of the condominium project. If you are delinquent in paying the assessments, a lien may be placed on your unit and the unit may be sold through a foreclosure proceeding. Initial maintenance fees are difficult to estimate and tend to increase as the condominium ages. Maintenance fees may vary depending on the services provided.

Exhibit N contains a breakdown of the estimated annual maintenance fees and the monthly estimated maintenance fee for each unit, certified to have been based on generally accepted accounting principles, with the Developer's statement as to when a unit owner shall become obligated to start paying the unit owner's share of the common expenses.

4.3 Utility Charges to be Included in the Maintenance Fee

If checked, the following utilities are included in the maintenance fee:	
<input type="checkbox"/>	Electricity for the common elements

5.3 Blanket Liens

Blanket Liens: A blanket lien is an encumbrance (such as a mortgage) on the entire condominium project or more than one unit that secures some type of monetary debt (such as a loan) or other obligation. Blanket liens (except for improvement district or utility assessments) must be released as to a unit before the developer conveys the unit to a purchaser. The purchaser's interest will be affected if the developer defaults and the lien is foreclosed prior to conveying the unit to the purchaser.

5.4 Construction Warranties

Construction Warranties: Warranties for individual units and the common elements, including the beginning and ending dates for each warranty (or the method of calculating them), are as set forth below:

Building and Other Improvements: None: All property to be taken "as is".
Appliances: None: All property to be taken "as is".

Completion Deadline: If a sales contract for a unit is signed before the construction of the unit has been completed, or, in the case of a conversion, completion of any repairs, does not occur by the completion deadline set forth below, one of the remedies available to a purchaser is a cancellation of the purchaser's sales contract. The sales contract may include a right of the Developer to extend the completion deadline for force majeure as defined in the sales contract. The sales contract may also provide additional remedies for the purchaser.
Completion Deadline for any unit not yet constructed, as set forth in the sales contract: N/A
Completion Deadline for any repairs required for a unit being converted, as set forth in the sales contract: N/A

5.6 Developer's Use of Purchaser Deposits to Pay for Project Construction Costs Before Closing or Conveyance

The Developer is required to deposit all monies paid by purchasers in trust under a written escrow agreement with a Hawaii licensed escrow depository. Escrow shall not disburse purchaser deposits to the Developer or on behalf of the Developer prior to closing, except if a sales contract is canceled or if Developer has met certain requirements, which are described below.

5.6.1 Purchaser Deposits Will Not Be Disbursed Before Closing or Conveyance

<input checked="" type="checkbox"/>	<p>The Developer hereby declares by checking the box to the left that it shall use its own funds to complete the construction of the condominium project by the date indicated in Section 5.5 of this report, and the Developer, pursuant to its own analysis and calculations, certifies that it has sufficient funds to complete the construction of the condominium project.</p> <p><i>If this box is checked, Section 5.6.2, which follows below, will not be applicable to the project.</i></p>
-------------------------------------	--

5.6.2 Purchaser Deposits Will Be Disbursed Before Closing

Hawaii law provides that, if certain statutory requirements are met, purchaser deposits in escrow under a binding sales contract may be used before closing to pay for certain project costs. For this project, the Developer indicates that purchaser deposits may be used for the following purposes (check applicable box):	
<input type="checkbox"/>	For new construction: to pay for project construction costs described in the Developer's budget and approved by the Developer's lender or an otherwise qualified, financially disinterested person; or
<input type="checkbox"/>	For conversions: to pay for repairs necessary to cure violations of county zoning and building ordinances and codes, for architectural, engineering, finance and legal fees, and for other incidental expenses.

In connection with the use of purchaser deposits (check Box A or Box B):

<p>Box A</p> <p><input type="checkbox"/></p>	<p>The Developer has submitted all information and documents required by law and the Commission prior to the disbursement of purchaser deposits before closing. This means that the Developer may use such deposits before closing. If the Developer decides not to use purchaser deposits before closing, the Developer does not need to amend this report.</p> <p>If Box A is checked, you should read and carefully consider the following notice, which is required by law:</p> <p><u>Important Notice Regarding Your Deposits:</u> Deposits that you make under your sales contract for the purchase of the unit may be disbursed before closing of your purchase to pay for project costs, construction costs, project architectural, engineering, finance, and legal fees, and other incidental expenses of the project. While the developer has submitted satisfactory evidence that the project should be completed, it is possible that the project may not be completed. If your deposits are disbursed to pay project costs and the project is not completed, there is a risk that your deposits will not be refunded to you. You should carefully consider this risk in deciding whether to proceed with your purchase.</p>
<p>Box B</p> <p><input type="checkbox"/></p>	<p>The Developer has <u>not</u> submitted all information and documents required by law and the Commission, and, until all such information and documents are submitted, thus, the Developer cannot use purchaser deposits.</p> <p>If the Developer later submits all information and documents required by law and the Commission for the use of purchaser deposits, then the Developer must provide an amendment to this report or an amended developer's public report to each purchaser who has signed a sales contract. At such time, the <u>Important Notice Regarding Your Deposits</u> set forth immediately above will apply to all purchasers and will be restated in the amendment to this report or an amended developer's public report. When an effective date for such an amendment or an amended developer's public report is issued, <u>you will not have the right to rescind or cancel the sales contract by reason of such submission and amendment.</u> (This, however, does not affect your right to rescind for material changes or any other right you may have to rescind or cancel the sales contract, as described in Section 5.8 below.) If the Developer decides not to use purchaser deposits before closing, the Developer does not need to amend this report.</p> <p>You should understand that, although the <u>Important Notice Regarding Your Deposits</u> set forth above does not currently apply to you, it might apply to you in the future, and, therefore, you should read and carefully consider it now to ensure that you understand the risk involved in deciding whether to proceed with your purchase.</p>

Material House Bond. If the Developer has submitted to the Commission a completion or performance bond issued by a material house instead of a surety as part of the information provided prior to the use of purchaser deposits prior to closing or conveyance of a unit, the Developer shall disclose the same below and disclose the impact of any restrictions on the Developer's use of purchaser deposits.

5.7 Rights Under the Sales Contract

Before signing the sales contract, prospective purchasers should carefully review all documents relating to the project. These include but are not limited to the documents listed below. Items 2, 3 and 4 are made a part of this public report, as well as Item 5, if any, and are being delivered to you with this report.

1.	Developer's Public Report
2.	Declaration of Condominium Property Regime (and any amendments)
3.	Bylaws of the Association of Unit Owners (and any amendments)

5.8 Purchaser's Right to Cancel or Rescind a Sales Contract

A purchaser's right to cancel a sales contract or to rescind a sales contract may arise under varying circumstances. In the sections below, some circumstances that will give rise to a purchaser's right to cancel or rescind are described, together with what a purchaser must do if the purchaser wishes to exercise any of the rights.

5.8.1 When a Sales Contract becomes Binding and Purchaser's 30-Day Right to Cancel a Sales Contract

A sales contract signed by a purchaser and the developer will not become binding on a purchaser or the Developer until the following events have taken place:

- (1) The purchaser has signed the sales contract.
- (2) The Developer has delivered to the purchaser a true copy of the developer's public report with an effective date issued by the Commission, together with all amendments to the report as of the date of delivery, and the project's recorded Declaration and Bylaws, House Rules (if any), the Condominium Map and any amendments to them to date (all of which are a part of the developer's public report). If it is impracticable to include a letter-sized Condominium Map, the Developer must provide written notice of an opportunity to examine the Condominium Map.
- (3) The Developer has delivered to the purchaser a notice of the purchaser's 30-day cancellation right on a form prescribed by the Commission.
- (4) The purchaser does at least one of the following:
 - (a) Waives the purchaser's right to cancel the sales contract within 30 days from receipt of the notice of the purchaser's 30-day cancellation right; or

(b) Allows the 30-day cancellation period to expire without exercising the right to cancel; or

(c) Closes the purchase of the unit before the 30-day cancellation period expires.

The purchaser or the Developer may cancel the sales contract at any time during the 30-day cancellation period, and the sales contract will be canceled and the purchaser's deposits returned to the purchaser, less any escrow cancellation fee and other costs associated with the purchase, up to a maximum of \$250.

5.8.2 Right to Cancel a Sales Contract if Completion Deadline Is Missed

In addition to the purchaser's 30-day cancellation right described in Section 5.8.1 above, when a sales contract is signed before completion of construction of a project, the purchaser will have the right to cancel if the unit is not completed by certain deadlines. In conversion projects, there must be a deadline for completion of any required repairs. Every sales contract shall contain an agreement of the Developer that the completion of construction shall occur on or before the completion deadline, and that completion deadline is set forth in this report in Section 5.5. The sales contract shall provide that the purchaser may cancel the sales contract at any time after the specified completion deadline, if completion of construction does not occur on or before the completion deadline, as the same may have been extended. Upon a cancellation, the purchaser's deposits shall be refunded, less any escrow cancellation fee and other costs associated with the purchase, up to a maximum of \$250.00.

5.8.3 Purchaser's Right to Rescind a Binding Sales Contract After a Material Change

If a "material change" in a project occurs after a purchaser has signed a sales contract that has become binding, the purchaser will have a 30-day right to rescind after notification and description of the material change. A material change is defined in the Condominium Property Act to be any change that "directly, substantially and adversely affects the use or value of (1) a purchaser's unit or appurtenant limited common elements; or (2) those amenities of the project available for the purchaser's use."

The purchaser will be informed of the material change by the developer on a form prescribed by the Commission containing a description of the material change.

After notice of the material change, the purchaser may waive the right to rescind by:

- (1) Checking the waiver box on the rescission form; or
- (2) Letting the 30-day rescission period expire, without taking any action to rescind; or
- (3) Closing the purchase of the unit before the 30-day rescission period expires.

The rescission form must be signed by all purchasers of the affected unit and delivered to the developer no later than midnight of the 30th calendar day after the purchasers received the rescission form from the developer. Purchasers who validly exercise the right of rescission shall be entitled to a prompt and full refund of any moneys paid.

A rescission right shall not apply in the event of any additions, deletions, modifications and reservations including, without limitation, the merger or addition or phasing of a project, made pursuant to the terms of the project's Declaration.

These provisions shall not preclude a purchaser from exercising any rescission rights pursuant to a contract for the sale of a unit or any applicable common law remedies.

6. MISCELLANEOUS INFORMATION NOT COVERED ELSEWHERE IN THIS REPORT

1. Developer discloses that no reserve study was done in accordance with Hawaii Revised Statutes, Section 514B-148, and the replacement reserve rules, Hawaii Administrative Rules, Title 16, Chapter 106, Subchapter 6, as amended.

2. The specimen Sales Contract provides in part that the buyer understands the units are being sold "as is" and without any warranties. The existence of any defect in the structures or anything installed thereon shall not excuse the buyer's obligation to perform all of his obligations under his/her contract.

3. Lead Warning Statement: Pursuant to federal law, 42 U.S.C. 4852(d), the Residential Lead Based Paint Reduction Act, every purchaser of any interested in residential real property on which a residential dwelling was built prior to 1978 is notified that such property may present exposure to lead from lead based paint that may place young children at risk of developing lead poisoning. Lead poisoning in young children may produce permanent neurological damage, including learning disabilities, reduced intelligence quotient, behavioral problems, and impaired memory. Lead poisoning also poses a particular risk to pregnant women. The seller of any interested in residential real property is required to provide the buyer with any information on lead-based paint hazards from risk assessments or inspections in the seller's possession and notify the buyer of any known lead-based paint hazards. A risk assessment or inspection for possible lead-based paint hazards is recommended prior to purchase.

4. Hawaii has enacted a law requiring sex offenders to register with the Attorney General's office and allowing public access to relevant information regarding sex offenders. A sex offender must provide certain relevant information including the street name and zip code of the sex offender's current and future residence and place of employment. This information is available at the Hawaii Criminal Justice Data Center and at one more designated police stations in each county. Neither Developer nor any real estate agent is required to obtain information regarding sex offenders.

5. The Project is a CONDOMINIUM PROJECT, NOT a subdivision. The land area beneath and immediately appurtenant to each residential house is designated as a part of the unit and is NOT a legally subdivided lot. The boundaries of each unit's yard area, as shown on the Condominium Map, are for illustrative purposes and should not be construed to be the property lines of legally subdivided lots.

6. Mailboxes are currently located at the end of Makona and Liliana streets. There is no delivery to Individual homes. Declarant may relocate the mailboxes and convert the current mailboxes into gang or community mailboxes.

7. Future House 7 will be relocated within the boundaries of Unit I in accordance with applicable County and State regulations, as shown on the amended site plan to the Condominium Map filed concurrently herewith. Future House 8 may be constructed on Unit "H" in compliance with any existing use permit. If no such permit exists, Future House 8 shall be built pursuant to any applicable limits as set forth in zoning ordinances, regulations, or other permits and in a location substantially similar to that which is shown on the Condominium Map.

8. Assessments for Common Expenses for each Unit shall begin accruing upon the closing of the sale of the respective Unit; provided, however, that the Declarant may delay the commencement of assessments and pay all actual Common Expenses during the period of delay. In such case, a Unit Owner shall not be obligated for the payment for such Unit Owner's share of the Common Expenses until such time as the Declarant sends the Unit Owner written notice that after a specific date the Unit Owner will be obligated to pay for the portion of Common Expenses that is allocated to their respective Unit.

9. Units were most likely originally constructed prior to 1959 and generally consist of single wall construction. Single wall construction is no longer allowed by the International Building Code (IBC), which was adopted by the City and County of Honolulu in 2007. Accordingly, new construction or remodeling of a Unit may be required to meet the requirements of the IBC, potentially creating additional construction costs for the purchaser. Please consult your architect or attorney for additional information.

10. New construction or remodeling may also have to meet the requirements of newer planning codes and existing flood control code conditions, also potentially creating additional costs for the purchaser. Please consult your architect or attorney for additional information.

11. The Project and Units may be subject to additional fire protection requirements when remodeling or during new construction, also potentially creating additional costs for the purchaser.

The Developer declares subject to the penalties set forth in Section 514B-69, HRS, that this project conforms to the existing underlying county zoning for the project, zoning and building ordinances and codes and all applicable permitting requirements adopted by the county in which the project is located, all in accordance with Sections 514B-5 and 32(a)(13), HRS.

For any conversion, if any variances have been granted, they are specified in Section 1.14 of this report, and, if purchaser deposits are to be used by the Developer to cure any violations of zoning, permitting requirements or rules of the county in which the project is located, the violation is specified in Section 1.15 of this report, along with the requirements to cure any violation, and Section 5.5 specifies the date by which the cure will be completed.

The Developer hereby certifies that all the information contained in this report and the exhibits attached to this report and all documents to be furnished by the Developer to purchasers concerning the project have been reviewed by the Developer and are, to the best of the Developer's knowledge, information and belief, true, correct and complete. The Developer hereby agrees promptly to amend this report to report and include either or all material facts, material or pertinent changes to any information contained in or omitted from this report and to file annually a report to update the material contained in this report at least 30 days prior to the anniversary date of the effective date of this report.

(a) Except as otherwise provided in this Declaration, restoration, repair or replacement of the Project or of any building or other facility or construction of any additional building or structural alteration or addition to any structure within the Common Elements of the Project different in any material respect from the Condominium Map (the "**Proposed Alterations**") shall be undertaken by the Association or any Unit Owner(s) only pursuant to an amendment of this Declaration, duly executed by or pursuant to the approval or written consent of Unit Owners holding at least sixty-seven percent (67%) of the total Common Interests of the Project, together with the approval or written consent of (i) all Unit Owners whose Unit or Limited Common Elements appurtenant thereto are directly affected (as determined in a reasonable manner by the Board) by the Proposed Alterations; and (ii) the holders of first mortgage liens encumbering any Unit directly affected by the Proposed Alterations (if the lienholders require such approval).

(b) The Proposed Alterations shall be in accordance with plans and specifications for the Proposed Alterations prepared by a licensed architect or licensed professional engineer and approved by (i) the Board and (ii) the appropriate agencies of the State of Hawaii and the City and County of Honolulu (if such agencies so require).

(c) Promptly upon completion of any Proposed Alteration which is different in any material respect from the Condominium Map, the Association or Unit Owner(s), whomever requested the Proposed Alteration, shall duly file or record in the Bureau an amendment to this Declaration and the Condominium Map showing the Project as so altered, certified as built by a registered architect or licensed professional engineer.

2. Unit Owner Alteration of Buildings and Individual Units. Except as provided in this Declaration, individual Unit Owners shall have the right, at their sole discretion and without the consent or permission of other Unit Owners in the Project or the Association, to renovate, remodel, make additions to, enlarge, remove, replace or restore the improvements to their Unit or portions thereof, or to make improvements upon the Limited Common Elements appurtenant to their Unit, provided such alterations are permitted by and done in complete accordance with this Declaration, the House Rules and all applicable laws in effect at the time such alterations are made. All alterations made by a Unit Owner pursuant hereto are subject to the following conditions:

(a) All building plans prepared in connection with any such

alterations shall conform with all applicable City and County of Honolulu building and zoning ordinances.

(b) No improvements shall be constructed outside the Unit, except as provided in Sections F.2 and R or as otherwise approved by the Association. All newly-constructed improvements (exclusive of fences, walls and/or driveways) shall comply with all setback requirements, or such greater distance as may be required by applicable zoning ordinances. No alteration to a Unit will be made if the effect of such alteration would be to exceed the Unit's proportionate share of the allowable floor area and/or lot area coverage for the land upon which the Project is located, as defined by the applicable zoning ordinances in effect when the alteration is to be made. Pursuant hereto, each Unit's proportionate share of the buildable floor area and/or lot area coverage shall be the same as the area of its Yard Area (as described in **Exhibit B**) divided by the sum of the areas for all Yard Areas in the Project.

(c) All such alterations shall be at the expense of the Unit Owner making the alterations, and shall be expeditiously made and in a manner that will not unreasonably interfere with any other Unit Owner's use of its Limited Common Elements.

(d) The Owner of an altered Unit shall, subject to Declarant's prior written consent, have the right to utilize, relocate and realign existing appurtenant installations and/or to develop additional appurtenant installations for services to the Unit affected by such alterations for electricity, water, sewer and other utilities and services and, when applicable, to add, delete, relocate, realign, designate, and grant easements and rights-of-way over, under and on the Common Elements and/or any Limited Common Elements benefiting more than one Unit as necessary or desirable in connection therewith; provided that the same shall not cause any interruption in the service of such utilities to any other part of the Project.

(e) Subject to Declarant's prior written consent, the Owner of any altered Unit shall have the right and duty, without the consent or joinder of any other person, to amend and shall be required to amend this Declaration and the Condominium Map to reflect any such alterations. If required by the Act, then promptly upon completion of such alterations, the Owner of the altered Unit shall duly record an amendment to this Declaration with the Bureau, together with a complete set of floor plans and elevations of the Project as so altered, certified as built by a registered architect or professional engineer. Pursuant hereto, all Unit Owners and their mortgagees, by acquiring an interest in a Unit, shall be deemed to have been granted power of attorney from all other Unit Owners to execute an amendment to this Declaration solely for the purpose of describing the alterations to their respective Units. This power of attorney shall be deemed coupled with each Owner's interest in its Unit and shall be irrevocable.

(f) Except with respect to the Future Development Site Unit, no alteration or addition shall be made to a Unit and no addition shall be placed upon the

Limited Common Elements appurtenant to such Unit if the effect of such alteration or addition would be to create more than one (1) dwelling Unit, as defined by the City and County of Honolulu, upon or within such Unit or land area.

(g) Each and every conveyance, lease and mortgage or other lien made or created on any Unit and all common interests and other appurtenances thereto shall be subject to the provisions of this section and any lease of a Unit or its appurtenant land area shall reserve to all Unit Owners the rights set forth in this section.

3. Alterations by Declarant.

(a) General. Notwithstanding any other provision in this Declaration to the contrary, prior to the recording in the Bureau of the Unit deed conveying the last unsold Unit in the Project to a third-party purchaser (not including an assignee of Declarant's rights under this Declaration), Declarant, without notice to, or the approval, consent or joinder of, the Association, any Unit Owner, lienholder, or any other person, shall have the right (which includes the right to amend this Declaration and the Condominium Map accordingly) to: (i) make alterations in the Project which change or reverse the configuration of, alter the number of rooms of, decrease or increase the size of, or change the location of any Unit (and the Limited Common Elements appurtenant thereto) in the Project which is not sold and recorded (as defined below); (ii) recharacterize and redesignate certain Limited Common Elements as may be appurtenant to a Unit as being Common Elements of the Project which is not sold and recorded; (iii) recharacterize and redesignate certain Common Elements of the Project as Limited Common Elements appurtenant to a Unit which is not sold and recorded; or (iv) make other alterations in the Project, which make minor changes in any Unit in the Project or the Common Elements which do not affect the physical location, design or size of any Unit which has been sold and recorded. As used herein the term "**sold and recorded**" shall mean and refer to the sale of a Unit in the Project and the recording in the Bureau of a Unit deed conveying the interest in the Unit from Declarant to parties not signatory to this Declaration (not including an assignee of Declarant's rights under this Declaration).

(b) Declarant's Right to Further Develop.

So long as Declarant (and its successors and assigns) owns a Unit in the Project, it shall have the right, without the joinder of any other Owner or any other person at any time and from time to time to further develop, construct and place buildings and other improvements on such Unit, and to remove or otherwise relocate the improvements, including, but not limited to any Parking Stalls, on such Unit, subject to the provisions of Section R.2 below. In addition, so long as Declarant (and its successors and assigns) owns a Unit in the Project, Declarant shall have the right to modify, adjust, relocate and grant existing or new easements across the Project for the purpose of providing access, utilities or otherwise developing improvements on the Units.

Declarant shall have the right, without being required to obtain the consent or joinder

of any person, including any Unit Owner or any lienholder, or any other person who may have an interest in the property or the Land: (a) to execute and deliver (on behalf of all of the Owners and their respective mortgagees, if necessary) applications, petitions, agreements and other instruments which Declarant deems necessary or desirable (including without limitation, documents to be filed or recorded with the Department of Planning and Permitting of the City and County of Honolulu, the Bureau, other governmental agencies, public utility companies or private parties); (b) to deliver documents and to take such actions in connection therewith as shall be in the sole and absolute discretion of Declarant, and the delivery of such instrument or the taking of such action shall be sufficient determination; (c) to adjust property boundary lines, provided that such adjustments do not reduce the net area of each Unit below what may be required by applicable laws, nor the compliance of such Unit with relevant setback requirements; and (d) to grant easements for access and utility purposes in favor of any Unit across the Land and for access and utility purposes in favor of the remaining portion of the Land across any Unit.

(c) Joint Development Agreements. Declarant reserves the right to enter into any joint development agreement or agreements as may be required or necessary by the City and County of Honolulu for the development of the Project, and/or any project or projects adjacent to the Project without notice to, or the approval, consent or joinder of, the Association, or any Unit Owner.

(d) Amendment, Removal and Replacement of Certain Encumbrances Affecting the Project. Declarant reserves the right, without notice to, or the approval, consent or joinder of the Association, any Unit Owner, lienholder, or any other person to execute and record in the Bureau: (i) an instrument canceling or removing as an encumbrance against the Project (including the Units, whether or not such Units have been conveyed to Owners) or any portion thereof; (ii) any declaration of conditions or other declaration for conditional zoning; (iii) any State of Hawaii Land Use Commission or City and County of Honolulu decision and order, restrictive covenant or regulatory agreement; (iv) an instrument amending, removing or replacing the Existing Use Permit; and (v) any amendment to this Declaration to reflect an updated title description of the Land contained in **Exhibit A** attached hereto. Every purchaser, prospective purchaser, Unit Owner and all mortgagees and holders of liens affecting any of the Units in the Project shall, if necessary or desirable to the exercise of the reserved rights of Declarant herein, join in, consent to, or execute all instruments and documents necessary or desirable to effectuate the exercise of such reserved rights, and, by execution of a contract for the sale of a Unit or by acceptance of any deed, lien or security interest therein, such purchaser, prospective purchaser, Unit Owner, mortgagee and holder of a lien shall be deemed to have consented to Declarant's reservation pursuant to this paragraph and to have irrevocably appointed Declarant its lawful and duly authorized attorney-in-fact with full right and power to join in, consent to, or execute all such instruments and documents for and on behalf of the purchaser, prospective purchaser, Unit Owner, mortgagee and lienholder.

(e) Alteration, Subdivision and Consolidation of Units.

Notwithstanding anything provided to the contrary, and except as otherwise provided by law:

(i) Declarant shall have the reserved right at any time or times prior to the recording in the Bureau of the Unit deed conveying the last unsold Unit in the Project to a third-party purchaser (not including an assignee of Declarant's rights under this Declaration), without notice to, or the approval, consent or joinder of the Association, any Unit Owner, lienholder, or any other person to: (a) alter the floor plan of any Unit which it owns at any time provided that the Common Interest appurtenant to the Unit shall not change; (b) cause the subdivision of any Unit which it owns at any time to create two (2) or more Units provided that the total Common Interest appurtenant to the newly created Units shall equal the Common Interest appurtenant to the original Unit; and (c) convert certain portions of any existing Unit to Common Element status to facilitate any subdivision provided that the total Common Interest appurtenant to the newly created Unit(s) shall equal the Common Interest appurtenant to the original Unit.

(ii) If Declarant is the owner of any two adjacent Units, Declarant shall have the right, at any time or times prior to the recording in the Bureau of the Unit deed conveying the last unsold Unit in the Project to a third-party purchaser (not including an assignee of Declarant's rights under this Declaration), without notice to, or the approval, consent or joinder of the Association, any Unit Owner, lienholder, or any other person, to consolidate two (2) or more Units and to alter or remove all or portions of any intervening fence or structure at Declarant's expense provided that all construction activity necessary to any such alteration or removal shall be completed within a reasonable period of time after the commencement thereof, subject to delays beyond the control of the Declarant or its contractors, whether caused by strikes, the unavailability of construction materials or otherwise, in which case any such construction activity shall be completed in such additional time as may be reasonably necessary in the exercise of due diligence.

(iii) The Declarant, in the process of consolidating Units, shall have the right to convert that area between Units to a Unit (as opposed to the same remaining a Common Element) for so long as such Units shall remain consolidated or shall continue to be commonly used or owned.

(iv) Any such alteration, subdivision or consolidation of Unit(s) as provided above shall be effective provided that:

a. Declarant shall record or cause to be recorded an amendment to this Declaration describing the Unit(s) in question and setting forth at least: (1) a description of the newly-formed Unit(s); (2) in the case of the consolidation of Units by Declarant, the undivided percentage interest appurtenant to the newly-formed Unit, which shall be calculated by adding together the undivided percentage interests for the Units to be consolidated; or (3) in the case of the subdivision of an Unit

by Declarant, the undivided percentage interest appurtenant to each of the newly-formed Units, which shall equal the total of the undivided interest appurtenant to the original Unit.

b. Declarant shall record or cause to be recorded an amendment to the Condominium Map for the Unit(s) being altered, subdivided or consolidated to show an amended floor plan, as necessary, together with a verified statement of registered architect or professional engineer, in the manner required by the Act, that said Condominium Map, as so amended, is an accurate copy of portions of the plans of the altered Unit(s) as filed with and approved by the county officer having jurisdiction over the issuance of permits for the completion of buildings, and that the plans fully and accurately depict the layout, location, Unit numbers, and dimensions of the Units as built; and

c. Any such alteration shall comply in all respects with all applicable governmental codes, statutes, ordinances and rules and regulations, or with all variances granted therefrom.

d. The Declarant expressly reserves the right to amend the aforesaid Declaration and Condominium Map to effect any subdivision or consolidation of Units or alterations to floor plans at any time or times prior to the recording in the Bureau of the Unit deed conveying the last unsold Unit in the Project to a third-party purchaser (not including an assignee of Declarant's rights under this Declaration), without notice to, or the approval, consent or joinder of the Association, any Unit Owner, lienholder, or any other person, execute and record amendments to the Declaration and Condominium Map and any and all other instruments necessary or appropriate for the purpose of carrying out the provisions or exercising the rights, powers or privileges herein reserved to Declarant.

(f) Alter the Number of Units and/or Buildings and/or Phases and/or Common Interest in the Project. Notwithstanding anything provided herein to the contrary, Declarant shall have the reserved right, to and until the recording in the Bureau of the Unit deed conveying the last unsold Unit in the Project to a third-party purchaser (not including an assignee of Declarant's rights under this Declaration), to reduce or increase the number of Units and/or buildings and/or Phases in the Project, without notice to, or the approval, consent or joinder of the Association, any Unit Owner, lienholder, or any other person. In conjunction with such rights, Declarant shall also have the reserved right, to and until the recording in the Bureau of the Unit deed conveying the last unsold Unit in the Project to a third-party purchaser (not including an assignee of Declarant's rights under this Declaration), to alter and reallocate the Common Interest based on the reduced or increased number of Units and/or buildings and/or Phases in the Project. Any such alteration to the number of Units and/or buildings and/or Phases and/or Common Interest in the Project shall be effective provided that:

(i) Declarant shall record or cause to be recorded an amendment to this Declaration, as necessary, to describe (1) the revised description of the Units and/or buildings and/or Phases that comprise the Project and/or the reallocated Common interest; and (2) the reallocated undivided percentage common interest appurtenant to the Units as a result of the reduction or increase in the total number of Units and/or Buildings and/or Phases. The common interest appurtenant to each Unit shall be calculated as set forth Section E of this Declaration.

(ii) Declarant shall record or cause to be recorded an amendment to the Condominium Map to reflect the revised layout incorporating the change in the number of Units and/or buildings, together with a verified statement of registered architect or professional engineer, in the matter required by the Act.

(g) To the extent that joinder of any Owner or lienholder or other person who may have an interest in the Project may be required in order to amend, replace or remove any of the documents set forth in this Section, such joinder shall be accomplished by an irrevocable power-of-attorney in favor of Declarant from each of the other Owners, lienholders or such other parties. Each Owner, lienholder or other party, by acquiring or accepting ownership or other interest in a Unit or a lien covering a Unit or of any other interest in the Project or the property subject to this Declaration, hereby grants, and is deemed to have granted, to Declarant such power of attorney, which power is and shall be deemed coupled with an interest and irrevocable.

Dear Ms. Kunishige:

Subject: Condominium Conversion Project
87-154 Liliana Street & 87-153 Makona Street
Tax Map Key: (1) 8-7-001: 003

This is in response to your letter dated July 14, 2008, requesting verification that the structures located at the above-referenced property met all applicable code requirements at the time of construction.

Investigation revealed that the three (3) one-story single-family detached dwellings known as 87-154 Liliana Street and the four (4) one-story single-family detached dwellings known as 87-153 Makona Street met all applicable code requirements when they were constructed prior to 1960 on this 73,744-square-foot R-5 Residential-District-zoned lot. There are a total of nine (9) all-weather-surface and eight (8) gravel-surface off-street parking spaces on this zoning lot.

Investigation also revealed the following:

1. On July 7, 2008, an existing use permit (2008/EU-13) was approved with conditions for the seven (7) dwellings.
2. The gravel-surface driveways from Liliana Street and Makona Street and the gravel-surface parking spaces are considered nonconforming.

For your information, the Department of Planning and Permitting cannot determine all other legal nonconforming uses or structures, as a result of the adoption or amendment of any ordinance or code.

No variances or other permits were granted to allow deviations from any applicable codes.

Conversion to a condominium property regime (CPR) is not recognized by the City and County as an approved subdivision. CPR delineates ownership; it does not create separate lots of record for subdivision and zoning purposes.

In accordance with Section 2.100(a) of the LUO, in the event of destruction, uses may be continued and structures may be rebuilt under the approved existing use plan, provided that such restoration is permitted by the Building Code and Flood Hazard Regulations and is started within two (2) years.
4. Only minor modifications to the EU plans shall be allowed. Any major modification which may have an adverse impact on surrounding land uses, increases the number of dwelling units, and/or involves the reconstruction and/or expansion of a dwelling(s) which is part of a larger development, shall require the processing of a Cluster Housing Permit.

Any application for a Cluster Housing permit shall for the zoning lot shall include the written consent of all owners or lessees, including Condominium Property Regime (CPR) owners/lessees.

5. The applicant or owner(s) shall incorporate this Existing Use Permit into the restrictive covenants which run with the land, to serve as notice to all owners and tenants. The draft covenant shall be submitted for review and approval by the Department of Planning and Permitting (DPP). Upon approval of the covenant, a certified recorded copy shall be filed with the DPP, prior to the change in any ownership or the issuance of any permits.
6. If the project will be condominiumized, the applicant or owner(s) shall submit a draft copy of the CPR map and documents to the DPP for our review. Future work subsequent to the creation of a CPR may require approval from the homeowners association prior to the start of work. If the EU Permit is incorporated into the CPR documents, a separate declaration of restrictive covenants is not required.
7. All work shall comply with the applicable LUO standard for the underlying zoning district, unless otherwise stated herein:
 - (1) A minimum 10-foot setback, for structures shall be required from the common access drive;
 - (2) Within the project, the minimum distances between buildings shall be as follows:
 - (i) 10 feet between two one-story dwellings
 - (ii) 15 feet between a one-story and a two-story dwelling or portion thereof
 - (iii) 20 feet between two-story dwellings

If the property is condominiumized, then, buildings and accessory structures shall comply with required yards and height setbacks of the underlying zoning district as measured from limited common element (CPR) lines;

 - (3) Maximum building area shall not exceed 30 percent (30%) of the original lot area of 73,744 square-feet. If the property is condominiumized, then, within each limited common element, the maximum building area shall not exceed 50 percent of the area for each limited common element.
8. All new work shall be compatible in design with the existing and surrounding structures. If a dwelling is reconstructed, it shall not exceed 1,800 square-feet, and shall be in the same general location. **The Director may require the redesign of exterior entrances, stairways, bar areas, including plumbing and electrical systems, to ensure that the number of dwellings is not increased.**
9. A minimum of 14 parking spaces, two (2) stalls for each dwelling unit, shall be provided prior to the issuance of any building permits subsequent to this approval. Dwelling additions shall comply with the LUO parking regulations. Existing parking spaces within carports or garages shall not be converted into usable floor area (including garage or carport storage areas).

10. Reconstructed dwellings shall have a minimum 16-foot driveway depth fronting the carport or garage.
11. Prior to the issuance of any building permits:
 - a. All weather surfaces shall be provided at all driveway or parking areas;
 - b. All structures shown to be removed on the "Proposed Site Improvements" shall be removed;
 - c. The temporary tent structure (garage) for Dwelling No. 4 shall be removed.Photographic documentation shall be provided as proof of compliance.
12. A Fence Master Plan shall be submitted to the DPP for review and approval prior to the issuance of any new building permit for fences or walls. Perimeter fencing shall be shown along the north property line along Tax Map Key 8-7-1: 49.
13. All existing trees 6 inches or greater in diameter shall be retained on-site, or replacement landscaping shall be required. All landscaping shall be maintained in a healthy visual condition at all times.
14. The addition, alteration or reconstruction of any dwelling unit shall comply with Honolulu Fire Department (HFD) requirements for access, water and/or HFD connections, and shall be submitted to the HFD for review and approval prior to issuance of building permits.
15. The HFD requires that the following be complied with for Dwelling No. 3, 4 and 7:
 - a. Provide a water supply, approved by the county, capable of supplying the required fire flow for fire protection to all premises upon which facilities or buildings, or portions thereof, are hereafter constructed or moved into or within the county.
 - b. On-site fire hydrants and mains capable of supplying the required fire flow shall be provided when any portion of the facility or building is in excess of 150 feet (45.72 m) from a water supply on a fire apparatus access road, as measured by an approved route around the exterior of the facility or building (1997 Uniform Fire Code, Section 903.2, as amended).
 - c. Submit civil and construction drawings to the HFD for review and approval.
 - d. The applicant shall schedule a meeting with Battalion Chief Socrates Bratakos of the HFD Fire Prevention Bureau to request an exemption to the on-site fire hydrant requirement for Units 3, 4 and 7.

Within six (6) months of the date of this approval, the above improvements shall be completed, or this permit shall be null and void.

16. Any modification to the application documents and conditions stated herein shall be subject to approval by the DPP. For good cause, the Director may impose additional requirements and/or amend the above conditions.

In accordance with the LUO, any zoning lot within a residential district which has at least twice the required minimum lot size for underlying district may have a maximum of two (2) detached dwellings. If an owner wishes to erect additional dwelling units, the zoning lot shall be subdivided.

The purpose of this EU permit is to recognize the hardship imposed upon uses that were legally established, met applicable zoning requirements at the time the uses and structures were approved, but may not comply with current zoning standards. Residential EU permits apply to uses that are now subject to Cluster Housing. Without this EU approval, the dwellings are considered nonconforming and subject to Section 4.110(d) of the LUO related to nonconforming dwelling units.

The seven (7) single-family dwellings were legally established and comply with the standards of cluster housing within the R-5 Residential district. The land area (73,744 square-feet) exceeds the minimum land area of 15,000 square-feet and the seven (7) dwellings do not exceed the maximum allowed density of 19 dwellings (one dwelling per 3,750 square-feet of land area) permitted on the lot.

If the applicant proposes to increase the number of dwellings on the zoning lot, and/or reconstruct and/or expand a dwelling(s) which is part of a larger development, a Cluster Housing Permit application must be submitted to the DPP. The application must include the signatures of all the landowners and/or lessees. If approved, the Cluster Housing permit may require modification to the existing dwellings, including but not limited to improvements to the exterior building design and landscaping.

Approval of this EU does not substantially limit, impair or preclude the use of surrounding properties for the principal uses permitted in the underlying district. This assessment includes impacts on traffic flow and control, off-street parking, sewerage, drainage and flooding, utilities, screening and buffering, yards and other open spaces, lot dimensions, height, bulk and location of structures.

Any party (to the case) wishing to appeal the Director's action must submit a written petition to the Zoning Board of Appeals (ZBA) within 30 calendar days from the date of mailing or personal service of the Director's written decision (Zoning Board of Appeals Rules Relating to Procedure for Appeals, Rule 22-2, Mandatory Appeal Filing Deadline). Essentially, the Zoning Board of Appeals' rules require that a petitioner show that the Director based his action on an erroneous finding of a material fact and/or that the Director acted in an arbitrary or capricious manner, or manifestly abused his discretion. Generally, the ZBA can only consider the evidence previously presented to the Director of Planning and Permitting. The filing fee for appeals to the ZBA is \$200 (payable to the City and County of Honolulu).

Failure to comply with ZBA Rules Chapter 22, Procedure for Appeals, may result in the dismissal of the appeal. Copies of the ZBA rules are available at the Department of Planning and Permitting. Appeals should be addressed to:

DESCRIPTION OF PROPOSED HOUSE RULES

The Project will be subject to the Makona and Liliana Street Condominium House Rules, a proposed draft of which has been submitted to the Real Estate Commission as part of this registration. These house rules govern the use and occupancy of the units, common elements and limited common elements of the Project. For example, these house rules contain restrictions regarding pets, parking, traffic and noise.

The purpose of the house rules is to protect all owners and occupants from annoyance and nuisance created by the improper conduct or use of the Project and to promote harmonious living and maximum enjoyment of the Project. The house rules may be amended by a majority of the board of directors.

All owners, tenants, guests, invitees, licensees and other persons using the Project and their family members must abide by the house rules, and the owners are responsible for the conduct of their tenants, guests, invitees, and licensees. Violations of these house rules will subject owners to fines, penalties and other enforcement actions by the board of directors or the managing agent.

THE FOREGOING IS A DESCRIPTION OF THE ABOVE HOUSE RULES FOR THE CONVENIENCE OF THE BUYER AND IS NOT INTENDED TO BE AN EXHAUSTIVE LIST OF ALL OF THE TERMS OF THESE HOUSE RULES. THE FULL TEXT OF THE HOUSE RULES SHOULD BE EXAMINED AND CONTROLS OVER THIS SUMMARY.

DEVELOPER'S RESERVED RIGHTS TO CHANGE THE DECLARATION, BYLAWS AND CONDOMINIUM MAP

Section Q.3 of the Declaration sets forth the Declarant's reserved rights with respect to permitted alterations of the Project and the right to amend the Declaration and Condominium Map accordingly:

3. Alterations by Declarant.

(a) General. Notwithstanding any other provision in this Declaration to the contrary, prior to the recording in the Bureau of the Unit deed conveying the last unsold Unit in the Project to a third-party purchaser (not including an assignee of Declarant's rights under this Declaration), Declarant, without notice to, or the approval, consent or joinder of, the Association, any Unit Owner, lienholder, or any other person, shall have the right (which includes the right to amend this Declaration and the Condominium Map accordingly) to: (i) make alterations in the Project which change or reverse the configuration of, alter the number of rooms of, decrease or increase the size of, or change the location of any Unit (and the Limited Common Elements appurtenant thereto) in the Project which is not sold and recorded (as defined below); (ii) recharacterize and redesignate certain Limited Common Elements as may be appurtenant to a Unit as being Common Elements of the Project which is not sold and recorded; (iii) recharacterize and redesignate certain Common Elements of the Project as Limited Common Elements appurtenant to a Unit which is not sold and recorded; or (iv) make other alterations in the Project, which make minor changes in any Unit in the Project or the Common Elements which do not affect the physical location, design or size of any Unit which has been sold and recorded. As used herein the term "**sold and recorded**" shall mean and refer to the sale of a Unit in the Project and the recording in the Bureau of a Unit deed conveying the interest in the Unit from Declarant to parties not signatory to this Declaration (not including an assignee of Declarant's rights under this Declaration).

(b) Declarant's Right to Further Develop.

(i) So long as Declarant (and its successors and assigns) owns a Unit in the Project, it shall have the right, without the joinder of any other Owner or any other person at any time and from time to time to further develop, construct and place buildings and other improvements on such Unit, and to remove or otherwise relocate the improvements, including, but not limited to any Parking Stalls, on such Unit, subject to the provisions of Section R.2 below. In addition, so long

as Declarant (and its successors and assigns) owns a Unit in the Project, Declarant shall have the right to modify, adjust, relocate and grant existing or new easements across the Project for the purpose of providing access, utilities or otherwise developing improvements on the Units.

(ii) Declarant shall have the right, without being required to obtain the consent or joinder of any person, including any Unit Owner or any lienholder, or any other person who may have an interest in the property or the Land: (a) to execute and deliver (on behalf of all of the Owners and their respective mortgagees, if necessary) applications, petitions, agreements and other instruments which Declarant deems necessary or desirable (including without limitation, documents to be filed or recorded with the Department of Planning and Permitting of the City and County of Honolulu, the Bureau, other governmental agencies, public utility companies or private parties); (b) to deliver documents and to take such actions in connection therewith as shall be in the sole and absolute discretion of Declarant, and the delivery of such instrument or the taking of such action shall be sufficient determination; (c) to adjust property boundary lines, provided that such adjustments do not reduce the net area of each Unit below what may be required by applicable laws, nor the compliance of such Unit with relevant setback requirements; and (d) to grant easements for access and utility purposes in favor of any Unit across the Land and for access and utility purposes in favor of the remaining portion of the Land across any Unit.

(c) Joint Development Agreements. Declarant reserves the right to enter into any joint development agreement or agreements as may be required or necessary by the City and County of Honolulu for the development of the Project, and/or any project or projects adjacent to the Project without notice to, or the approval, consent or joinder of, the Association, or any Unit Owner.

(d) Amendment, Removal and Replacement of Certain Encumbrances Affecting the Project. Declarant reserves the right, without notice to, or the approval, consent or joinder of the Association, any Unit Owner, lienholder, or any other person to execute and record in the Bureau: (i) an instrument canceling or removing as an encumbrance against the Project (including the Units, whether or not such Units have been conveyed to Owners) or any portion thereof; (ii) any declaration of conditions or other declaration for conditional zoning; (iii) any State of Hawaii Land Use Commission or City and County of Honolulu decision and order, restrictive covenant or regulatory agreement; (iv) an instrument amending, removing or replacing the Existing Use Permit; and (v) any amendment to this Declaration to reflect an updated title description of the Land contained in **Exhibit A** attached hereto. Every purchaser, prospective purchaser, Unit Owner and all mortgagees and holders of

liens affecting any of the Units in the Project shall, if necessary or desirable to the exercise of the reserved rights of Declarant herein, join in, consent to, or execute all instruments and documents necessary or desirable to effectuate the exercise of such reserved rights, and, by execution of a contract for the sale of a Unit or by acceptance of any deed, lien or security interest therein, such purchaser, prospective purchaser, Unit Owner, mortgagee and holder of a lien shall be deemed to have consented to Declarant's reservation pursuant to this paragraph and to have irrevocably appointed Declarant its lawful and duly authorized attorney-in-fact with full right and power to join in, consent to, or execute all such instruments and documents for and on behalf of the purchaser, prospective purchaser, Unit Owner, mortgagee and lienholder.

(e) Alteration, Subdivision and Consolidation of Units.
Notwithstanding anything provided to the contrary, and except as otherwise provided by law:

(i) Declarant shall have the reserved right at any time or times prior to the recording in the Bureau of the Unit deed conveying the last unsold Unit in the Project to a third-party purchaser (not including an assignee of Declarant's rights under this Declaration), without notice to, or the approval, consent or joinder of the Association, any Unit Owner, lienholder, or any other person to: (a) alter the floor plan of any Unit which it owns at any time provided that the Common Interest appurtenant to the Unit shall not change; (b) cause the subdivision of any Unit which it owns at any time to create two (2) or more Units provided that the total Common Interest appurtenant to the newly created Units shall equal the Common Interest appurtenant to the original Unit; and (c) convert certain portions of any existing Unit to Common Element status to facilitate any subdivision provided that the total Common Interest appurtenant to the newly created Unit(s) shall equal the Common Interest appurtenant to the original Unit.

(ii) If Declarant is the owner of any two adjacent Units, Declarant shall have the right, at any time or times prior to the recording in the Bureau of the Unit deed conveying the last unsold Unit in the Project to a third-party purchaser (not including an assignee of Declarant's rights under this Declaration), without notice to, or the approval, consent or joinder of the Association, any Unit Owner, lienholder, or any other person, to consolidate two (2) or more Units and to alter or remove all or portions of any intervening fence or structure at Declarant's expense provided that all construction activity necessary to any such alteration or removal shall be completed within a reasonable period of time after the commencement thereof, subject to delays beyond the control of the Declarant or its contractors, whether caused by strikes, the unavailability of construction materials or otherwise, in which case any

such construction activity shall be completed in such additional time as may be reasonably necessary in the exercise of due diligence.

(iii) The Declarant, in the process of consolidating Units, shall have the right to convert that area between Units to a Unit (as opposed to the same remaining a Common Element) for so long as such Units shall remain consolidated or shall continue to be commonly used or owned.

(iv) Any such alteration, subdivision or consolidation of Unit(s) as provided above shall be effective provided that:

a. Declarant shall record or cause to be recorded an amendment to this Declaration describing the Unit(s) in question and setting forth at least: (1) a description of the newly-formed Unit(s); (2) in the case of the consolidation of Units by Declarant, the undivided percentage interest appurtenant to the newly-formed Unit, which shall be calculated by adding together the undivided percentage interests for the Units to be consolidated; or (3) in the case of the subdivision of an Unit by Declarant, the undivided percentage interest appurtenant to each of the newly-formed Units, which shall equal the total of the undivided interest appurtenant to the original Unit.

b. Declarant shall record or cause to be recorded an amendment to the Condominium Map for the Unit(s) being altered, subdivided or consolidated to show an amended floor plan, as necessary, together with a verified statement of registered architect or professional engineer, in the manner required by the Act, that said Condominium Map, as so amended, is an accurate copy of portions of the plans of the altered Unit(s) as filed with and approved by the county officer having jurisdiction over the issuance of permits for the completion of buildings, and that the plans fully and accurately depict the layout, location, Unit numbers, and dimensions of the Units as built; and

c. Any such alteration shall comply in all respects with all applicable governmental codes, statutes, ordinances and rules and regulations, or with all variances granted therefrom.

d. The Declarant expressly reserves the right to amend the aforesaid Declaration and Condominium Map to effect any subdivision or consolidation of Units or alterations to floor plans at any time or times prior to the recording in the Bureau of the Unit deed conveying the last unsold Unit in the Project to a third-party purchaser (not including an assignee of Declarant's rights under this Declaration), without notice to, or the approval, consent or joinder of the Association, any Unit Owner, lienholder, or any other person, execute and record amendments

to the Declaration and Condominium Map and any and all other instruments necessary or appropriate for the purpose of carrying out the provisions or exercising the rights, powers or privileges herein reserved to Declarant.

(f) Alter the Number of Units and/or Buildings and/or Phases and/or Common Interest in the Project. Notwithstanding anything provided herein to the contrary, Declarant shall have the reserved right, to and until the recording in the Bureau of the Unit deed conveying the last unsold Unit in the Project to a third-party purchaser (not including an assignee of Declarant's rights under this Declaration), to reduce or increase the number of Units and/or buildings and/or Phases in the Project, without notice to, or the approval, consent or joinder of the Association, any Unit Owner, lienholder, or any other person. In conjunction with such rights, Declarant shall also have the reserved right, to and until the recording in the Bureau of the Unit deed conveying the last unsold Unit in the Project to a third-party purchaser (not including an assignee of Declarant's rights under this Declaration), to alter and reallocate the Common Interest based on the reduced or increased number of Units and/or buildings and/or Phases in the Project. Any such alteration to the number of Units and/or buildings and/or Phases and/or Common Interest in the Project shall be effective provided that:

(i) Declarant shall record or cause to be recorded an amendment to this Declaration, as necessary, to describe (1) the revised description of the Units and/or buildings and/or Phases that comprise the Project and/or the reallocated Common interest; and (2) the reallocated undivided percentage common interest appurtenant to the Units as a result of the reduction or increase in the total number of Units and/or Buildings and/or Phases. The common interest appurtenant to each Unit shall be calculated as set forth Section E of this Declaration.

(ii) Declarant shall record or cause to be recorded an amendment to the Condominium Map to reflect the revised layout incorporating the change in the number of Units and/or buildings, together with a verified statement of registered architect or professional engineer, in the matter required by the Act.

(g) To the extent that joinder of any Owner or lienholder or other person who may have an interest in the Project may be required in order to amend, replace or remove any of the documents set forth in this Section, such joinder shall be accomplished by an irrevocable power-of-attorney in favor of Declarant from each of the other Owners, lienholders or such other parties. Each Owner, lienholder or other party, by acquiring or accepting ownership or other interest in a Unit or a lien covering a Unit or of any other interest in the Project or the property

subject to this Declaration, hereby grants, and is deemed to have granted, to Declarant such power of attorney, which power is and shall be deemed coupled with an interest and irrevocable.

Section R.5(f) of the Declaration sets forth the Declarant's reserved right to amend the Declaration in the event of an administrative merger:

(f) Condominium Documents. For the purposes of the administration and use of the Merged Project, after the administrative merger of the merged Increments, all of the Units in the Merged Project shall be treated as though they were all included in a single condominium project created by a single recordation of a Declaration of Condominium Property Regime, and the Declarations of Condominium Property Regime applicable to each Increment shall be construed as one document applicable to the entire Merged Project, except to the extent expressly otherwise provided herein. The same shall be true of the respective Bylaws and House Rules of each Increment. In the event of a conflict between the respective Declarations of Condominium Property Regime, Bylaws and/or House Rules, the Declaration of Condominium Property Regime, Bylaws and House Rules in effect for the Increment with the most recently created Condominium Property Regime shall control, including, but not limited to, any provisions regarding the allocation of common expenses and voting rights. From and after the Administrative Merger Date, the merged Increments shall be treated for purposes of administration, use and sharing of common expenses as though they had been developed as a single project. Declarant also reserves the right to record an amended and restated Declaration and Bylaws for the Merged Project that would incorporate all of the separate Declarations and Bylaws for each of the Increments being merged, all without notice to, or the approval, consent or joinder of, the Association, any Unit Owner, lienholder, or any other person.

Section S.3 of the Declaration sets forth the Declarant's reserved right to amend the Declaration:

3. Amendment by Declarant. Without limiting and in addition to any other rights reserved by Declarant to amend this Declaration as explicitly provided elsewhere herein, Declarant shall have the right to amend this Declaration as follows:

(a) Notwithstanding any other provision of this Declaration to the contrary, at any time prior to the recording in the Bureau of the first Unit deed in favor of a purchaser, Declarant hereby reserves and shall have the right to amend this Declaration, the Bylaws and the Condominium Map in any manner, without notice to, or the approval, consent or joinder of, the Association or any purchaser of any Unit.

(b) Notwithstanding any other provision of this Declaration to the contrary, at any time prior to the recording in such Bureau of Unit deeds covering one hundred percent (100%) of the Units in the Project, Declarant hereby reserves and shall have the right to amend this Declaration, the Bylaws and the Condominium Map without the approval, consent or joinder of any purchaser of any Unit or any of the persons then owning any Unit or any lienholder, to make such amendments: (i) as may be necessary to correct any technical defects or to make non-substantive changes; (ii) as may be required by law, the Real Estate Commission of the State of Hawaii, any title insurance company issuing a title insurance policy on the Project or any of the Units, any institutional lender lending funds on the security of the Project or any of the Units, any governmental agency administering governmental loan programs (including without limitation, the Federal National Mortgage Association, the Federal Home Loan Mortgage Corporation, the U.S. Department of Housing and Urban Development, the Veterans Administration, the Hawaii Public Housing Authority, and any successor entities or agencies); (iii) as may be necessary or desirable as determined by Declarant to comply with statutory provisions adopted under the Condominium Property Act; or (iv) as may be necessary or desirable as determined by Declarant as a result of conditions or requirements imposed upon Declarant by any governmental agency of the state, county, or local government related to the development of the lands comprising the Project to be developed by Declarant or any affiliates, including, but not limited to any covenants contained within a cluster permit issued by the City and County of Honolulu, or by any governmental agency of any state, territory, possession or foreign country or other foreign jurisdiction as a condition precedent to the marketing or sale of Units in any such jurisdiction; PROVIDED, HOWEVER, that no such amendment which would change the Common Interest appurtenant to a Unit or substantially change the design, location or size of a Unit or the Building in which it is located shall be made without the consent to such amendment by all persons having an ownership interest in such Unit.

(c) Notwithstanding any other provision of this Declaration to the contrary, and notwithstanding the recording of Unit deeds conveying any or all of the Units in favor of any person, Declarant hereby reserves and shall have the right to successively amend this Declaration, the Bylaws and the Condominium Map without notice to, or the approval, consent or joinder of, the Association or any purchaser of any Unit or any of the persons then owning or leasing any Unit or any lienholder, to make such amendments: (i) to file or record the "as built" verified statement (with plans, if applicable) required by Section 514B-34 of the Condominium Property Act, so long as (A) such statement is merely a statement of a registered architect or professional engineer certifying that the final plan thereto filed fully and accurately depicts the layout,

location, Unit numbers, and the dimensions of an improvement or change in a Unit as built; or (B) the plans filed therewith involve only immaterial changes to the layout, location, or dimensions of the Units as built or any change in any Unit number; or (ii) to exercise or effectuate any other rights reserved to Declarant pursuant to this Declaration.

(d) Declarant shall have the right to recalculate common interest percentages in accordance with Section E and/or recalculate the method by which common interest percentages are calculated as the Project is further developed.

e. Seller's attorney shall have given a written opinion to Escrow stating that all of the requirements of Hawaii Revised Statutes, Sections 514B-82 to -93 have been satisfied, that all conditions of the Escrow Agreement that must be met prior to the disbursement of purchaser's fund have been satisfied, and that all sales contracts delivered to Escrow are binding upon purchasers.
